Technical Specifications

	Roll Length	~ 40 m	
	Roll Width	140 cm (+/-2%)	
	Surface Composition	100% Polyester	
	Base Composition	100% Polyester	
	Weight m ² DIN EN 12127	430 g/m² (+/-5%)	
	Abrasion Test EN ISO 12947-1,2	>50.000	
	Pilling EN ISO 12945-2 (2.000T)	4	
	Tensile Strength EN ISO 13934-1	Warp: 2000	Weft: 830
	Tear Growth Resistance EN ISO 13937-3	Warp: 65N	Weft: 65N
	Color Fastness to Light EN ISO 105-B02	3.5	
	Color Fastness to Rubbing EN ISO 105-X12	Dry: 4	Wet: 4
	Seam Slippage Resistance EN ISO 13936-2	Warp: 5 mm	Weft: 5 mm

This product is fitted with **NewEver®** technology, which contains waterproof properties in its chemical and physical structure, so that you will enjoy a fabric that is easy to maintain and will last longer.

The analytical results are referred only to the sample tested. Discolouration and colour deviations tolerated by permissible industrial standards which do not constitute reasons for claim. We reserve the right to modify, at any moment and without notice any product specifications.

Vicotex

Clean and Care recommendations

Machine Wash

Do Not Use Bleach

Iron maximum 110°

Dry Cleaning

Do Not Tumble Dry

Wash to machine, maximum 30°, do not use abrasive products or neutral detergents. Iron maximum at 110° and always in the back side. It admits dry clean, only by professionals.

Protecting the marine environment and coastline is an obligation at Vicotex. In some of our production processes and in our packaging, we use plastic waste being particularly mindful of its recycling process #VicotexProtectsTheOcean

PTO - ECOLÓGICO

We apply new technologies in the production process to ensure that this fabric is environmentally friendly.

Each fabric in this collection has been crafted from materials that adhere to rigorous ecological standards, free from toxic substances, harmful chemicals, or heavy metals. We employ **sustainable** manufacturing techniques, such as water recycling and waste reduction, to minimize the environmental impact of our production processes.

Friendly to both the planet and you.

By choosing fabrics from our collection -e-, you're not only acquiring a high-quality product but also contributing to a more **responsible** world that safeguards the environment.

This fabric is protected by stain-resistant NewEver® technology. A breathable fabric, developed by Vicotex®, which repels liquids, with a high level of quality and reliability.

It is recommended that any spillage or dirt is wiped off immediately with a damp cloth, rubbing in gentle circular motions over the affected surface. Do not use abrasive products that may damage the fabric of your sofa. We cannot be held responsible for damage resulting from improper use of the product.

By taking proper care of the fabric, you will ensure that it stays as good as new for a longer period of time. That's why we ask you to take the following tips into account:

- Do not expose your new sofa to direct sunlight.
- Do not place your new sofa near heaters, radiators, fireplaces, etc.
- Avoid contact with your new sofa with rough fabrics, which can cause transfers.
- Try to suck up and remove the usual dust and dirt from your home with a vacuum cleaner at low power.
